

Introducing your TelstraSuper Financial Planning adviser

Helping you build a brighter future

Financial advice is one of the best ways to make the most of your money and to help you achieve financial security.

As a TelstraSuper Financial Planning client, we'll work with you to understand your needs and empower you to achieve your financial goals with advice that is in your best interests.

About Belinda

I have been working in the financial advice industry since 2008, joining TelstraSuper Financial Planning in 2017.

As an adviser, I draw on my professional and personal experience of common life events to inform my understanding of the financial challenges that individuals and families face at different life stages.

I am committed to helping you define your financial goals and will work with you to create personalised strategies that put you on track to achieve them. For me, it's all about giving you confidence in your financial future.

Whether you're planning for retirement, managing investments or seeking financial guidance, I am here to assist you.

Away from work, I enjoy spending time with my two cats and teeing off on the golf course.

Belinda's qualifications

Graduate Diploma of Financial Planning
Advance Diploma of Financial Planning
