

# Introducing your TelstraSuper Financial Planning adviser

## Helping you build a brighter future

Financial advice is one of the best ways to make the most of your money and to help you achieve financial security.

As a TelstraSuper Financial Planning client, we'll work with you to understand your needs and empower you to achieve your financial goals with advice that is in your best interests.

## About Andrew

With over 20 years working in the Australian financial planning sector, and providing personal financial advice since 2011, I have had the privilege of working with clients to achieve their life goals and a more financially secure future.

I am passionate about getting to understand my clients' goals and dreams. I do not judge on anyone's current financial position; what counts is how they wish to move forward.

I believe a successful financial planning relationship is built on integrity, honesty, fairness, mutual respect and trust. I also believe continuous learning and education is vital for this role.

As well as financial planning, I enjoy spending time with my family and friends, have a passion for music, help organise benefit events for my community, and volunteer for my local radio station.

## Andrew's qualifications

**Graduate Diploma in Financial Planning**

**Certificate IV Mortgage and Lending**
