

Introducing your TelstraSuper Financial Planning adviser

Helping you build a brighter future

Financial advice is one of the best ways to make the most of your money and to help you achieve financial security.

As a TelstraSuper Financial Planning client, we'll work with you to understand your needs and empower you to achieve your financial goals with advice that is in your best interests.

About Rebecca

I have worked in financial services for over 27 years and have had the privilege of being a financial planner for 20 years.

Being a financial planner gives me the unique opportunity to meet with my clients and spend time understanding their individual situations.

The most enjoyable part of my role is not only the people I get to meet but the opportunity to help educate them to make informed decisions about what their future looks like. It's a huge privilege to be able to support my clients along this journey.

Away from work, I love spending time with my family and friends and walking our very energetic dogs. Winter or summer, I am often at the beach, and I also enjoy reformer Pilates.

Rebecca's qualifications

Advanced Diploma of Financial Planning
