

Introducing your TelstraSuper Financial Planning adviser

Helping you build a brighter future

Financial advice is one of the best ways to make the most of your money and to help you achieve financial security.

As a TelstraSuper Financial Planning client, we'll work with you to understand your needs and empower you to achieve your financial goals with advice that is in your best interests.

About Jeremy

Since entering the financial advice industry in 2012, I have worked with individuals and families from diverse backgrounds, helping them plan for their personal and financial futures.

By getting to know my clients, understanding what is truly important to them, and helping them set effective financial and non-financial goals, I have been able to help my clients achieve and sustain a fulfilling and enjoyable lifestyle.

Away from work, there is a good chance you'll find me at the gym, training for my next big run, in the kitchen cooking up a storm, or supporting North Melbourne.

Jeremy's qualifications

Graduate Diploma of Financial Planning

Advanced Diploma of Financial Planning

Bachelor of Business

How Jeremy can help
