Helping you build a brighter future

Financial advice is one of the best ways to make the most of your money and to help you achieve financial security.

As a TelstraSuper Financial Planning client, we'll work with you to understand your needs and empower you to achieve your financial goals with advice that is in your best interests.

About Michael

With over 20 years' experience as a financial planner, I'm committed to guiding my clients to a financially secure future.

I am passionate about listening to my clients to understand their unique circumstances.

The most enjoyable part of my role is getting to meet such a diverse range of people. It's a privilege being allowed into my clients' lives to help them achieve their goals.

I am committed to delivering clear, quality financial education so my clients can make informed decisions with confidence.

Away from work, I enjoy family life with my wife and two teenage daughters and keeping fit. I have a passion for older cars, I love watching sport on TV, and occasionally playing 'average' golf with friends.
