

# Introducing your TelstraSuper Financial Planning adviser

## Helping you build a brighter future

Financial advice is one of the best ways to make the most of your money and to help you achieve financial security.

As a TelstraSuper Financial Planning client, we'll work with you to understand your needs and empower you to achieve your financial goals with advice that is in your best interests.

## About Nathan

I have more than 20 years experience in financial services, with a background in financial analysis and broad experience advising both personal and corporate clients.

I very much enjoy interacting with fund members and clients to understand their individual situations and desired objectives. I see my role as providing a path towards achieving these objectives, while providing peace of mind along the way.

Outside of work, I enjoy spending time with my family, triathlon, fishing and sneaking in some golf around these passions.
