Helping you build a brighter future

Financial advice is one of the best ways to make the most of your money and to help you achieve financial security.

As a TelstraSuper Financial Planning client, we'll work with you to understand your needs and empower you to achieve your financial goals with advice that is in your best interests.

About Opel

With more than a decade of experience working in financial advice, it's been a privilege to witness the benefits that good financial advice can deliver.

I enjoy working with clients from a wide range of backgrounds and guiding them to achieve a fulfilling and financially secure future.

I see myself as a financial partner, working alongside my clients on their journey. Each client is unique, and I enjoy getting to know them to tailor strategies that have them achieve their goals.

Outside of work, I consider myself a foodie, so you'll often find me trying out a new recipe or exploring a new restaurant. I also enjoy travelling and spending time with my husband and two dogs.
