In the interest of continuing to build our gender equality outcomes, we ensure that our recruitment process includes shortlisted candidates from both genders. Where possible we aim for an equal balance. If we are unable to reach a reasonable gender balance, the recruitment process is reviewed and completed again. Our interview panels are also gender balanced to ensure that biases are eliminated from the candidate selection process. </p><p> </p><p>Other strategies we use for recruitment include advertising internally, working directly with agencies and advertising via Women in Super. </p><p> </p><p>Similarly, gender equity principals are applied across all talent management programs. As part of our Leadership program elevate, we aim to have an equal representation of each gender attend each program. We also have our Executive sponsor the program where they provide leadership, coaching and guidance to each group. We ensure that we have an even split of balance sponsor the program. </p><p> </p><p>The focus
